ABOUT ME

Web developer with hands-on experience in building functional, user-friendly applications. Passionate about creating scalable web solutions and growing through real-world projects.

EXPERTISE

UI/UX Design Creating intuitive and user-centered designs for website and mobile applications to enhance user experience.	Frontend Development Building responsive and interactive user interfaces using modern frontend frameworks.
Software Development Engineering efficient solutions to solve real-world problems with scalable backend logic	Database Management Designing, optimizing, and maintaining structured databases for efficient data storage, retrieval, and integrity in web applications.

SKILLS

- HTML • CSS • JavaScript • React • React Native • Next.js
- Node • Express • MongoDB • TailwindCSS
- Bootstrap • Git • GitHub • Adobe Photoshop • Framer Motion

EXPERIENCE & PROJECTS

- Rekomendito – MSME Recommender System**
Champion – Byte Forward Hackathon 2025
Developed a system that suggests government programs, funding, and digital tools for MSMEs based on their profile, with an AI image analyzer to detect business type from uploaded photos.
- AGILA – Adaptive Gamified Interactive Learning Assessment**
Developed a full-stack quiz platform that turns tests into competitive games with 1v1 PvP, team modes, MMR-style ranking, leaderboards, avatars, and rewards.
Includes animated launch screen, admin tools for test scheduling and tracking, and focuses on engagement and retention through gamification.
- Internship Portal: Student–Company Matching System**
Built a web platform that connects students with hiring companies through internship listings, profiles, and direct applications.
Includes company dashboards, student profiles, application tracking, real-time updates, and an admin panel for managing postings and verification.
- Nasan Si Teacher — Real-time Faculty Locator Mobile App**
Developed a mobile app that provides real-time faculty locations and status updates (available, in class, on break) for students.
Enhances campus efficiency by reducing office congestion, minimizing wait times, and improving communication between students and teachers.

EDUCATION

- COLLEGE**
Exact College of Asia | BS in Information Systems | 2024 – 2026
Holy Cross College | BS in Information Technology | 2021 – 2023
Our Lady of Fatima University | BS in Information Technology | 2019 – 2020
